The group undertakes sale of 'IT solutions' (software products & services, software development, consulting and IT infrastructure services) and 'Transaction Services' (IT enabled services). These businesses have been considered as primary segments. The segment results have been arrived at before allocating certain expenses which are un-allocable in nature and are disclosed as selling and other expenses. Considering the nature of the group's businesses, the assets and liabilities cannot be identified with any specific business segment and hence, the figures for capital employed have not been provided.

Notes:

- a) The above results have been reviewed by the Audit Committee, and the same have been approved by the Board of Directors at their Meeting held on May 13, 2013.
- b) The Company has allotted (a) 22,669,452 shares during the quarter (282,456,424 shares during the year) at a price of ₹ 19.74 per share aggregating to ₹ 4,474.95 lacs for the quarter (₹ 55,756.90 lacs for the year) in pursuance of the CDR scheme (b) 13,756,609 shares during the quarter (97,111,993 shares during the year) at a price of ₹ 16.50 per share aggregating to ₹ 2,269.84 lacs for the quarter (₹ 16,023.48 lacs for the year) on conversion of Foreign Currency Convertible Bonds.
- c) The valuation analysis carried out by an independent valuer to assess the values generated by the cash generating units/investments on a going concern basis does not reveal any impairment in accordance with the requirements of the applicable Accounting standards.

In respect of net deferred tax asset of ₹ 10,440 lacs being carried forward, the management, based on the order book on hand and relying on the Restructuring Scheme approved by the CDR Cell, is confident of achieving taxable income in foreseeable future, which would enable reversals of deferred tax assets already recognized in earlier years.

- d) Effective 1st April 2006, expenditure on Intangible Assets viz. internally developed Software Products (Meant for sale) was recognised in the Statement of Profit and Loss, as the company perceived such costs were bringing in innovation in base products and not new products. However, on a review of the performance of these products which resulted in economic benefits of enduring nature from those respective years of usage, over and above the originally estimated benefits of the base software, the management felt it appropriate to capitalize such costs incurred during the years from FY 2006-07 up to FY 2011-12 in terms of Accounting Standard 26 - "Intangible Assets". The software development costs so capitalised have been amortized at the lower of 10 years or the estimated economic useful life of each of these products from the date of their being put to use, in terms of the accounting policy followed by the Company. Consequently, the product development expenses, aggregating to ₹ 16,043 lacs (net of amortisation) charged off in the earlier years (FY 2006-07 up to FY 2011-12) have been capitalized during the year.

The Parent Company has provided for/reversed certain slow moving trade receivables and unbilled revenue amounting to ₹ 1,459 lacs during the quarter (₹ 24,113 lacs during the year) which have arisen largely due to the tight liquidity situation, resource constraints etc. faced by the Company in the last one year. Both the above items have been disclosed as a net adjustment in the Statement of Profit and Loss as an exceptional item.

- e) During the year, expected estimated loss of ₹ 1,957 lacs has been provided by US subsidiary in terms of the Transition Service Agreements entered at the time of sale of its subsidiary in the previous year and the same has been reported as " loss from discontinuing operations". The loss reported is net of reversal of ₹ 2.60 crores during the quarter with respect to settlement of liability in the case of an item included therein.

- f) (i) The disclosure in respect of standalone financials are as under -

- In respect of net deferred tax asset of ₹ 10,366 lacs being carried forward, the management, based on the order book on hand and relying on the Restructuring Scheme approved by the CDR Cell, is confident of achieving taxable income in foreseeable future, which would enable reversals of deferred tax assets already recognized in earlier years.
- d) Effective 1st April 2006, expenditure on Intangible Assets viz. internally developed Software Products (Meant for sale) was recognised in the Statement of Profit and Loss, as the company perceived such costs were bringing in innovation in base products and not new products. However, on a review of the performance of these products which resulted in economic benefits of enduring nature from those respective years of usage, over and above the originally estimated benefits of the base software, the management felt it appropriate to capitalize such costs incurred during the years from FY 2006-07 up to FY 2011-12, in terms of Accounting Standard 26 - "Intangible Assets". The software development costs so capitalised have been amortized at the lower of 10 years or the estimated economic useful life of each of these products from the date of their being put to use, in terms of the accounting policy followed by the Company. Consequently, the product development expenses, aggregating to ₹ 16,043 lacs (net of amortisation) charged off in the earlier years (FY 2006-07 up to FY 2011-12) have been capitalized during the year.
- The Company has provided for/reversed certain slow moving trade receivables and unbilled revenue amounting to ₹ 53 lacs for the quarter (₹ 2,190 lacs during the year) which have arisen largely due to the tight liquidity situation, resource constraints etc. faced by the Company in the last one year. Both the above items have been disclosed as a net adjustment in the Statement of Profit and Loss as an exceptional item. This net adjustment is proposed to be part of the aforesaid Re-organisation Scheme.
- e) The above financial results are also available on the NSE website www.nseindia.com and the BSE website www.bseindia.com, in addition to the Company's website.
- f) Figures for the previous year / periods have been re-grouped / re-arranged, wherever considered necessary, to conform to current period's presentation.
